

THE 4TH INTERNATIONAL CONFERENCE

## STAINLESS STEEL AND THE RUSSIAN MARKET

HILTON GARDEN INN MOSCOW KRASNOSELSKAYA | 5 – 6 APRIL

Due to implementations of imports substitution programs in heavy-engineering, machine-tool making, nuclear and defense industries and other significant sectors, the use of stainless and special steels have increased in the last three years. However, the Russian stainless steels producers cannot fully meet the demand for this type of products. Until now import plays a significant role in some market segments.

What are the prospects of the market development? Is there a possibility to increase stainless steel production in Russia? These and other important issues will be discussed at Stainless Steel and The Russian Market, the 4th International Conference on April 5-6, 2018, HILTON GARDEN INN MOSCOW KRASNOSELSKAYA. On the second day the delegates will visit Globus-Stal (Zhukovsky, the Moscow region) specializing in electric-welded stainless tubes.

### **The conference will cover:**

- Trends in production and use of stainless rolled products in Russia and globally
- Dynamics of nickel and other non-ferrous steels markets

- Russian stainless steels producers' strategies, prospects for import substitution in the stainless and special steels markets. New projects, players
- Import and export of stainless steels rolled products: evaluations of leading market experts
- Forecasts of dynamics of stainless steels use in Russia and development of major consuming industries
- Trends in the Russian stainless steels distribution
- Further conversion products and steel structures markets (shaped decking, metal tiles, galvanized profiles, sandwich-panels, light-gauge steel structures etc.): trends in consumption, market dynamics, protection from low-quality products supplies
- Issues of choosing equipment for further conversion products manufacture

**Target audience:** The conference will bring together leaders and professionals of stainless and special steels rolled stock manufacturing and processing companies, steel service centers, stainless steel users, state institutions, and analytical agencies. Totally more than 100 delegates.

**Participation cost:** 38 000 rubles (VAT incl.) The registration fee includes: participation in panel discussions, coffee-breaks, lunches, stand up-meals, a delegate's bag, and a field trip on April 6.

**Accommodation and transportation are not included in the registration fee.**

## PROGRAM

(subject to change)

### 5 April

**09:00-10:00** Registration of delegates (Hilton Garden Inn Moscow Krasnoselskaya), tea, coffee

**10:00-12:00** Session 1. Dynamics of Stainless Steel Production and Use in Russia and Globally. Export and Import. Russian Leading Stainless Steels Producers: Investment and Sales Policies.

**12:00-12:30** Coffee-break

**12:30-14:00** Session 2. New Players in the Stainless Steels Market. Development of the Main Consuming Segments. Technical Regulation of Stainless Steel Rolled Products Manufacture.

**14:00-15:00** Lunch

**15:00-17:00** Session 3. Regional Stainless Rolled Products Markets. Stainless Steels Distribution and Processing.

**17:00-20:30** Stand-up meal. Networking.

**6 April**

**09:00-18:00** Field trip to Globus-Stal
